Saturday-May 20, 2017

Installation of Officers . Location is to be announced.

March 8th: International Women’s Day

2017 Theme: *“Women in the Changing World of Work; Planet 50-50 by 2030”*

Dr.. Alice Prive offered a resounding presentation on ethics. She used a variety of approaches to bring ethics down to a relatable “hands-on” discussion. She discussed medical ethics and everyday ethical encounters in an understandable and meaningful manner. Not even a windy rainy day and the closing of the scheduled venue could stop Dr. Prive. She was animated, enthusiastic, and thoroughly keyed –in on the pulse of the audience.

Ethical discussions have been a part of society’s make up for hundreds or perhaps even millions of years. Yet the topic seems to always bring about cogent discussions. Dr. Alice Prive’s presentation was no exception. Members and guests asked many questions and carried the discussion through lunch.

Because of an unexpected closure of the scheduled venue, Dr. Prive was not able to present in an ideal setting. However, she has agreed to re-present the presentation next year.

Thanks to the Tech Trek Committee members Gloria Hilton and Irene Bembry , we may soon be able to sponsor the first young lady recruited and sponsored by the Tampa Affiliate. This past weekend Sarah Jordan and her mother were interviewed by the Tech Trek Committee members.. Her name will be moved forward for further consideration by Tech Trek Florida. Tech Trek Florida will send letters out on March 20th identifying those girls who were selected.. See pictures below: L-R Standing— Dr..Gloria Hilton, Enid Jordan(Sarah’s mother) and Irene Bembry. Seated: Sarah Jordan (prospective camper)

March Birthdays

Frances Worden 9th

Kathy Schmidt 26th

Seventeen members and six guests braved the rainy brisk day to hear Ethics Lecture. At February meeting.

From The President's Desk:

How are We Doing?

It's election time. When the chair of the Nominating Committee phones you, please answer the call affirmatively. Your willingness to serve can add dimension, and diversity of ideas. Your commitment to serve could be the catalyst for achieving the strategic goals we set at the beginning of this fiscal year. As we near the close of the 2016-2017 year, it might be a good idea to take a look at the Strategic Goals we created. Let's assess where we are as we choose the leaders that will join those leaders already onboard. At this month's business meeting on the 18th, each member will have a voice in how Tampa moves forward to embrace the challenges and joys of the approaching year.

Strategic Goals 2016-2018

1. Increase membership by at least 25% by the end of 2018.
 2. Fill 50% of vacancies by end of fiscal year 2016-2017.
 3. Create at least two activities to engage and bond experienced new members by the end of fiscal year 2017.
 4. Create at least one non-member activity to develop a sustained donor group.
 5. Fully embrace and support Tech/Trek STEM activities by nominating at least 4 girls each year.
- Co-create at least three opportunities to share governance through mentorship by the end of fiscal year 2016-2017.

Rationale: Building a stronger and more vibrant base promotes sustainability.

Bert Dunbar, PhD, ARNP

It's time to add to the member story collection at the website. If you are interested in telling your story, please contact Bert Dunbar at bertd281@aol.com
